Andrii Tsokur

FRONTEND DEVELOPER

SUMMARY

Skilled and creative **Frontend Developer**, with extensive commercial experience in the past, passionate about creating elegant coded, user-friendly, fast-loading web applications with semantic markup that enhance the user experience. In my person you will find reliable, punctual, goal-oriented, and friendly team member with a good sense of humor

LATEST PROJECT EXPERIENCE (includes live web-links)

- **Phone Book** (React, Redux Toolkit, JS, REST API, CRUD, AJAX, Webpack)
  Code link | **Role:** Developer
  Personal phone book allows you to add, search, delete and edit contacts (register or simply login as user0013@mail.com / user0013pwd)

- **Movies Database** (React, JS, REST API, AJAX, NPM, Webpack)
  Code link | **Role:** Developer
  Online movies database (TMDB API)

- **Image Search Tool** (React, JS, REST API, NPM libraries, Webpack)
  Code link | **Role:** Developer
  A tool for searching for images on the Internet (Pixabay API)

- **Mimino Recreation Complex** (HTML, CSS, JS, Parcel)
  Code link | **Role:** Developer
  A team project. My contribution: development of the description sections in light colors on the main page and the entire restaurant page

- **Barbershop** (HTML, SCSS, JS)
  Code link | **Role:** Developer
  Adaptive semantic landing page optimized for various devices

- **WebStudio** (HTML, CSS, JS)
  Code link | **Role:** Developer
  Responsive and adaptive semantic markup for a concise website

- **Porten Wristwatch Retailer** (HTML, SCSS, JS)
  Code link | **Role:** Developer
  Responsive and adaptive landing page with burger-menu

- **Picture Memory Game** (HTML, CSS, JS)
  Code link | **Role:** Developer
  Designed to practice developing a JS-based logic unit algorithm

WORK EXPERIENCE

FRONTEND DEVELOPER (STUDENT)
GoIT | Nov 2022 – Oct 2023

During my studies, I have successfully mastered in practice, through individual and team learning tasks, the creation of static and dynamic websites and their components using semantic layout and modern programming patterns

The key technology stack I have mastered is listed to the right, in the Hard Skills section, but is not limited to this list and includes additional supporting tools needed to successfully work with the technologies listed
